

Research Workshops

Fine tune your research with help from a Blackmore Reference Librarian!

Every **Tuesday from 4-5pm** students are invited to meet with a professional Librarian to receive in-depth one-on-one or group research guidance. This service is open to all students at all levels of research. Just stop by the first floor of the library and look for the Research Workshop table.

Librarians can help you get a start on your assignment, get past a mental roadblock with your research, or just give you a tour and overview of helpful library services.

No appointment is necessary!

Workshops will run from
Tuesday, October 6th – Tuesday, December 9th
