

Education

- Primary Childhood
- Middle Childhood
- Adolescence to Young Adult
- Visual Art and Music
- Intervention Specialist

Program Overview

Students in Capital's Education program acquire the knowledge and skills that are essential to helping their future students learn and develop. During the sophomore year, students have the opportunity to work in classrooms in diverse settings in order to observe and participate in instructional experiences, as well as gain useful perspectives. Capital's education graduates are caring, competent, and committed educators who work, lead, teach, and serve diverse communities of learners. Faculty have published books and peer-reviewed articles, and presented their research locally, nationally, and internationally in countries such as Australia, Brazil, Korea, and Tanzania. Student teachers have the distinct opportunity of completing the Intercultural Student Teaching Program. While completing clinical and field experiences, students may be placed in over 15 school districts. Whether tutoring students one-on-one in schools or at the Capital University Reading Center, our students have an opportunity to impact the educational experience of hundreds.

Renowned Faculty

- Hoyun Cho, Ph.D.
- Bradley Conrad, Ph.D.
- Nisreen Daoud, Ph.D.
- Carmen Dixon, Ph.D.
- Mary Rosser, Ed.D.
- Olga Shonia, Ph.D.
- Sally Creasap, Ph.D.
- Mary Trask, MAEd.
- Kevin W. Sayers, Ph.D.
- Paul Hopkins, Ed.D.

Licensure Options

Under the state of Ohio's teacher education licensure standards, each student who completes the teacher education program at Capital and passes the required Ohio Assessment for Educators exams are eligible and will be recommended for a state teaching license. Students already possessing a degree in an area other than teacher education may pursue licensure through Capital's program. Licensure programs available through Capital are listed below. It is possible to obtain more than one licensure.
