

Not sure how to upload a video?

1st

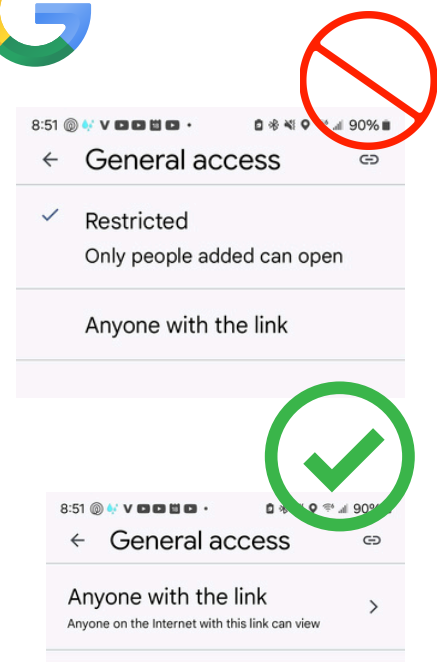

Record your video audition using your iPhone or Android phone. Once you have completed the video, upload it to a cloud platform such as Google Drive or YouTube. Once your video has been uploaded, create a shareable link in the video submission form. If you are unsure how to make a shareable link, please review the tutorial section below.

To share a Google link with anyone, you can do the following:

- Open your Google Drive
- Select your video to upload
- Upload your video to Google Drive
- Select the file you want to share
- Click Share
- Under General Access, click the down arrow and choose Anyone with the link
- Click Copy link
- Click Done
- Paste the link in the Google Audition form and submit.

To create a YouTube Video Ink, you can do the following:

- Upload your video to YouTube
- **In the title, add your name and instrument**
- In visibility, choose unlisted
- Select Next and choose No, it's not made for kids
- Select Upload file
- Make sure the video is visible and hit share
- Select copy link, paste the link into the Google Audition form, and submit.
